PROFESSIONAL SUMMARY

Motivated B.Tech student in Computer Science and Engineering (Artificial Intelligence and Machine Learning) with hands-on experience in full-stack and AI-powered application development. Proficient in Java, Python, React, REST APIs, PostgreSQL, and Git, with a strong foundation in software engineering, problem solving, and collaborative development. Eager to contribute to innovative engineering teams while learning and building scalable solutions.

EDUCATION

Bachelor of Technology in Computer Science and Engineering 2025 – Present
(Artificial Intelligence and Machine Learning)

Kolhapur Institute of Technology's College of Engineering, Kolhapur, Maharashtra

Diploma in Computer Engineering June 2022 – May 2025

Shivaji Polytechnic College, Sangola (MSBTE)

Percentage: **92.06%**

Secondary School Certificate (SSC) March 2022

Sangola Vidyamandir Prashala & Junior College, Sangola

Percentage: **91.80%**

TECHNICAL SKILLS

Programming Languages: Python, Java, C++, JavaScript, SQL

Backend Technologies: Spring Boot, Flask, FastAPI, REST APIs

Frontend Technologies: HTML, CSS, React.js, Tailwind CSS, JavaScript

Machine Learning and AI: Scikit-Learn, Pandas, NumPy, OpenCV, Computer Vision, OCR

Databases: MySQL, PostgreSQL

Tools and Platforms: Git, GitHub, VS Code, Docker, Linux, Tesseract OCR, PDF.js, Framer Motion

PROJECTS

QuPDF – AI-Powered PDF Chat Application 2025

Developed an AI-powered document interaction platform using Flask, REST APIs, PDF.js, and Google Gemini API for document summarization, question answering, and conversational analysis.

Clario – AI-Powered Lung Disease Detection System 2025

Collaborated on developing an AI-enabled healthcare application for lung disease detection using computer vision techniques and backend integration.

ParkSync – Intelligent Parking Management System 2025

Developed a full-stack parking management application using React, Flask, PostgreSQL, and REST APIs with OCR-based vehicle recognition and automated parking operations.

POSITIONS OF RESPONSIBILITY

Technical Coordinator, CESA 2024 – 2025

Organized technical events, project showcases, workshops, and student engagement activities.

Event Organizer, TechUtsav 2K24 2024

Coordinated technical competitions, event logistics, and participant management.

ACHIEVEMENTS

Secured **92.06%** in Diploma in Computer Engineering under MSBTE.

Led the successful development and completion of QuPDF as a final-year diploma project.

Developed multiple AI-powered applications involving Machine Learning, OCR, Computer Vision, and Full-Stack Development.

Participated in technical project exhibitions and innovation-focused events.

CERTIFICATIONS AND COURSEWORK

Certifications: Python Programming, Machine Learning Fundamentals, Data Analytics with Python, Git and GitHub

Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks, Software Engineering, Artificial Intelligence, Machine Learning

Languages: English, Hindi, Marathi
